International Conference on Innovations in Computing

1st to 2nd December 2017

Mohali, Punjab, India

Website: <http://www.icic2017.webs.com>

Contact person: Dr. Anuj Gupta

About ICIC

International Conference on Innovations in Computing (ICIC2017) is an international forum for researchers, engineers, academicians as well as delegates from industry around the globe to share and publish their research work and development activities in the field of Computing. This conference provides opportunities to all the delegates/participants to interact with the external researchers and academicians to exchange new ideas and application experiences face to face, also helps them find global partners for establishing educational and research relations and for future collaboration.

The conference holistically aims to promote translation of basic research into applied investigation and convert applied investigation into practice. This conference will also create awareness about the importance of basic scientific research in related fields and synchronizing with product market.

Objectives

The conference is anticipated to attract a large number of high quality submissions and stimulate the cutting-edge research discussions among many academic pioneering researchers, scientists, industrial engineers, Security Experts, students from all around the world and provide a forum to researcher.

- Propose new technologies, share their experiences and discuss future solutions for Intelligent Systems for Countries.
- Provide common platform for academic pioneering researchers, scientists, engineers, Security professionals and students to share their views and achievements
- Enrich technocrats, professionals and academicians by presenting their innovative and constructive ideas.
- Focus on innovative issues at international level by bringing together the experts from different

countries.

About CGC

Established with the vision to be the most preferred educational group with global recognition, Chandigarh Group of Colleges has become one of the leading Educational Group of the country. Chandigarh Group of Colleges started its first Campus at Landran in the year 2001, and has dynamically evolved in a healthy challenging environment within state of art campuses. Guided by a set of faculty who are alumni of IIT's and other top Institutions of the country, CGC has come to lead others with unique teaching methods, path breaking researches and quality placements.

Organized by: Chandigarh Group of Colleges

Deadline for abstracts/proposals: 30th June 2017

About the Data Science Foundation

The Data Science Foundation is a professional body representing the interests of the Data Science Industry. Its membership consists of suppliers who offer a range of big data analytical and technical services and companies and individuals with an interest in the commercial advantages that can be gained from big data. The organisation aims to raise the profile of this developing industry, to educate people about the benefits of knowledge based decision making and to encourage firms to start using big data techniques.
