ABOUT THE INTERNATIONAL DATA SCIENCE AWARDS

The International Data Science Awards are a celebration of excellence and innovation in data science and artificial intelligence. The awards are open to individuals, as well as to commercial entities, centres of education, and non-profit organisations alike, and will encourage and reward knowledge sharing within the data analytics sector.

GLOBAL AWARDS:

-  Launched in London
-  Judged by an International Panel
-  Winners announced in Silicon Valley

TIMELINE

- September 30:** Entry pages close
- October 1 - 21:** Judging
- November 4:** Winners announced at the AI & Big Data Expo North America www.ai-expo.net/northamerica

AWARD CATEGORIES

INDIVIDUAL	ORGANISATIONAL
Data Scientist of the Year	AI Innovation of the Year
Young Data Scientist of the Year	AI Start-up of the Year
	Communicating with Best Use of Data
OTHER	Data Science and AI in Healthcare
Data Science Writer of the Year*	Digital Transformation Excellence
Outstanding Contribution to Data Science**	Data Science Technology

Joining the Data Science Foundation and entering the awards connects you to a data and AI community and gives you access to member-only publishing and communications services.

WHO SHOULD ENTER?

The International Data Science Awards are open to individuals and organisations and are designed to recognise innovation, leadership and excellence in the use of data.

Enter if you want to receive recognition for the amazing things you are doing with Data, Artificial Intelligence or Advanced Analytics.

WHY ENTER THE INTERNATIONAL DATA SCIENCE AWARDS?

The Data Science Awards shine a spotlight on forward-thinking individuals and organisations. These prestigious awards bring not only recognition within the sector but wider commercial recognition and media interest.

ABOUT THE JUDGES

The judges are recognised data science and AI experts from across the globe and will include practitioners, writers and academics. Further information is available on the Data Science Foundation website.

HOW TO ENTER

Entering yourself or on behalf of an organisation is simple. First, entrants must become members of the Data Science Foundation at datascience.foundation/joinus. Individual membership is free. Organisational membership fees are paid voluntarily. Once a member, entrants should visit datascience.foundation/datascienceawards click **Enter Awards**, and choose the award category.

AWARD ENTRY FEES

An admin fee of £45 is charged for each individual entry. The fee for organisations is £85. Charities and students are offered a reduced fee of £25 per category entered. Additional concessions can be granted on request, please contact the promoters on info@datascience.foundation

*The Data Science Writer of the Year award. This award is given for publishing articles and papers on the foundation website.

**Submitting a nomination for the Outstanding Contribution to Data Science award is free of charge.

MISSION

To encourage socially and environmentally responsible use of data and AI in all spheres to contribute towards a better society.

ABOUT

The Data Science Foundation is a professional body representing the interests of people working in the data science, AI and advanced analytics sector.

The foundation is a source of data science and AI knowledge and expertise; a communications and publishing platform for data scientists, a source of information for the public and a resource for organisations wanting to make better use of their data.
